Artimovich suggested a day camp for children of town employees. The purpose would be to assist employees and maintain staff levels if possible. Clement will reach out to department heads to see if any employees would be need of this option.

Clement suggested through April 6, 2020 assistance in assessing, welfare, recreation, building, and planning will be made available by appointment only. Assessing cards are available on the town's website. The counter terminal will not be available during this time. All interior inspections for the revaluation with KRT and for building permits are being suspended at this time. The board was agreeable.

Clement said she would speak with Daphne Woss, town clerk, about limiting or reducing her hours to the public. Further she suggested installing a barrier for protection.

The board discussed the needs for personal protective equipment. Mantegari said Senator Morgan would be in touch with Clement for further information.
